

HYDROFILL™ PRO

WATER WHEN YOU NEED IT, WHERE YOU NEED IT

INTRODUCING THE HYDROFILL PRO. WATER WHEN YOU NEED IT, WHERE YOU NEED IT.

Featuring a huge 60 litre tank and a tactile LCD display that gives you instant feedback, the HydroFill Pro greatly improves your battery watering capability. The smart display even lets you know the purity of the water as you are topping up your batteries, making the best battery operated cart, even better. We've even integrated our HydroPure™ deionizer cartridge, giving you pure water for your batteries without the need to buy water and is perfect if you don't already have a water deioniser on site.

INTEGRATED DEIONIZER

60 LITRE CAPACITY

REAL-TIME FEEDBACK

HARDER, BETTER, FASTER, STRONGER

- INTEGRATED DEIONISER**
The HydroFill Pro brings a new set of features to our HydroFill™ range. We've integrated our deioniser cartridge, giving you pure water for your batteries each and every time you need to fill them up.
- INCREASED CAPACITY**
The huge 60 litre capacity is an 80% increase on how much water the HydroFill Pro holds compared to the original. Not only does it hold more water, it's powered longer with a 40% increase in pump and battery performance.
- INSTANT FEEDBACK DISPLAY**
The HydroFill Pro is the only battery watering cart on the market with a built in smart display giving you unique real-time feedback. It shows a range of information from how much charge is remaining to how pure your water is.

UNIQUE FEATURES

The PS-600 cartridge fits inside the tank which makes it the only mobile water cart with an integrated deioniser.
